Mrs. J. P. Hurley and Mrs. J. D. Ahern and family are here from San Francisco, passing their annual vacation at one of our resorts.

H. H. Granice, the well-known editor of the Index-Tribune, was a passenger on the S. P. train Tuesday morning en route to Santa Rosa.

Mr. and Mrs. A. Novraumont are here from Los Angeles and will be the guests of Mr. and Mrs. L. Lamotte of El Verano Villa for a month or two.

Mrs. E. Hoen and family of Sacramento and Mrs. J. M. Oliver and family of San Francisco are guests at the L. L. Lewis home in the western foothills.

Mrs. F. A. Riser, accompanied by her daughter, Mrs. Chester Barr, and family, arrived home from Lebanon, Oregon, on the S. P. train Wednesday morning.

Our postoffice has been enlarged and rearranged. Thirty new lock boxes have been added to the equipment and our town has now one of the best equipped postoffices in the valley.

The marriage of a prominent young man who resides in the southwestern suburbs of town is an event that is soon likely to occur. The bride-to-be lives in San Francisco.

A. H. Kemp and his assistant, Miss Nettie C. McConche, opened our school on Monday morning with an attendance of eighty scholars. We hope the term will be a successful one.

The Southern Pacific depot at this place will have a thorough overhauling. Lumber has arrived for a new platform, which will be laid in the near future and other improvements will be made.

Confetti ball here Saturday night Jack Tippet of Coalings is spending a few weeks in our town.

Jas. Baines is spending the week in the metropolis.

Miss Mary Block has been visiting in Sebastopol the past week.

Emil Dutil, accompanied by a number of lady and gentlemen friends, autoed to Santa Rosa last Saturday evening.

Leo. Baines was in Kenwood Tuesday in his red benzine buggy on business.

Charley Danielli, accompanied by his wife and family, will leave the first of the week for Lake county on a camping trip. He will be gone several weeks.

The baseball game here last Sunday between the El Verano team and the Western Union Telegraph nine of San Francisco resulted in a victory for the visiting team. The game was stubbornly contested from start to finish, the score being 18 to 12. Another game will be played on the diamond here on Sunday, August 20th.

Johnny McMahon, El Verano's "white hope," who came from San Francisco a few months ago to train at this place and was looked upon by our people as the white man's hope to defeat Jack Johnson, was bested at a boxing show in San Francisco last Friday evening. We were very sorry for Johnny as he was touted and looked forward to sports as the white hope of the country.

Last Saturday night two daring hold-up men beat and robbed a guest of "The Riverside Resort," and secured a considerable sum of money. This dastardly outrage was accomplished near the eastern entrance to the bridge which spans the creek on the way to Verano station. One of the men suspected of turning this trick is under surveillance, but his companion made his get-away out of town on foot Sunday morning. It is earnestly hoped his capture and return will soon be effected and that the thug and his pal will be made to face a charge of highway robbery before many moons. This outrage and many others since the opening of the season are very potent reasons why a deputy constable or sheriff should be appointed without further delay. Surely, the citizens and taxpayers in this town have some rights that ought to be respected by the proper authorities. Will they harken to our complaints?

BURNED TO GROUND SATURDAY MORNING

Springfield's Resort Near Agua Caliente Wiped Out by an Early Morning Fire—Loss Was Complete

Wm. Springfield's resort on the county road near Boyes Springs, was burned to the ground at three o'clock Saturday morning. The building and contents were entirely consumed, nothing being saved. The place was doing a fine business and only a few days before the fire Mr. Springfield had been offered and refused \$2,000 for his stock and lease of the premises, which belong to Mrs. Shirley.

There was \$700 insurance on the stock, which was a total loss. The value of the property destroyed including the building was between \$2,000 and \$3,000.

The fire falls quite heavy upon Mr. Springfield as it puts him out of business during the busiest season of the year. It is his intention to rebuild, which will be good news to his many friends all over the county.

Bigger and Better.

It isn't hot air, it is a fact, that the California State Fair of 1911, will be the biggest, best and altogether the most attractive that has ever been presented by this or any other agricultural society on the coast. It will be an agricultural show, let no farmer or fruit grower worry over that, and it will also be a first-class spectacular event which will delight the multitude. All work and no play makes Jack a dull boy. And while the agriculturists and pomologists of California will be on hand with the finest grain, fruit, pumpkins, etc., and the best and sleekest stock, including the bravest and loudest chancellors and the most industrious egg layers, there will be plenty of fun for the farmers' boys and for the city people who do not know a Berkshire from a Poland-China, and what is more, do not care.

Last year's was a big fair, and a most successful one. The management have surveyed the grounds very critically and have been careful to correct every error or omission and also to improve and enlarge every good feature and to introduce new ones of enlarged power of attraction. In the first place the grounds are now being put in thorough condition, the roads and paths graveled and rolled, and lawns and flower beds put in order and watered. Result: abolition of dust and creation of beauty spots all over the grounds, restful to the eye and satisfying to the spirit. Sanitary arrangements, too, are engaging the special attention of the management.

Side shows—yes, but they will be different. No snake charmers, fat ladies, human skeletons or Egyptian sorceresses. But there will be the biggest and the best shows of all kinds, above and below, all worth the money. The Wild West, with its hard running, steer tying, and broncho-busting, will make the tenderfoot's hair curl, while the daring aviators will give the up-lookers a thrill that will last a week and a day. The fireworks, too, will open the eyes of those who think they have seen Fourth of July celebrations and the burning of Rome. The best of pyrotechnic purveyors have arranged new and startling effects in sky gardening and this feature of the fair, to use the language of the show people, will alone be worth more than the price of admission. And so through all the special features; the aviation, which will be especially uplifting in its character, the races, the horse show, the choral singing, the boy-scouts from Preston, etc., there will be a constant succession of entertainment and amusement lasting from the opening to the close and filling every day from morning to night, making the visitor wish that the days and nights were longer and that the fair itself would last until the cows go back to the hills again.

We are paying one cent under the San Francisco quotations. This is the same price paid in Petaluma. Bring us your eggs. Green, Foster & Lehmann.

MOTORCAR SERVICE FOR SONOMA VALLEY

The Southern Pacific Company Has Decided to Give Our People this Long-Looked for Service.

General Manager E. O. McCormick of the Southern Pacific Company, who has had under consideration for some time the inauguration of a motor car service through this valley, has definitely decided to give the people of this section the improved transportation service. With this object in view his private secretary, Mr. Pearson, visited the various points of interest in the valley last Saturday and Sunday.

It is the intention of the Southern Pacific Company to inaugurate its motor car service between Vallejo, Sonoma and Santa Rosa before the end of the month, in fact a time card has already been made out by the railway officials for this motor service.

At the outset the motor cars will run entirely over the Southern Pacific's roadbed through this valley, but negotiations are pending to secure the use of the North-western Pacific track from Schellville, via Vineburg, Sonoma, Verano, Boyes Springs and Agua Caliente to the crossing of the two tracks on the old Hearst ranch on the west side of Sonoma creek.

This Will Interest Stone Masons And Bridge Builders

Elsewhere in these columns will be found a notice to contractors, inserted by order of the Board of Supervisors, calling for sealed bids for the construction of a stone and concrete bridge across Hooker Creek in Agua Caliente road district, according to specifications on file in the office of the County Clerk in Santa Rosa.

The idea of Supervisor Blair Hart, who represents this district on the Board, in giving publicity to this call for bids in Sonoma's city official paper is to give our home contractors and mechanics an opportunity to compete for the building of the bridge.

Bids will be received by the County Clerk up to noon, Thursday September 7th.

W. Beyers of the firm of Glaiser & Beyers, who was operated upon by the surgeons of St. Mary's hospital, San Francisco, the latter part of last week, is reported to be out of danger. The operation, which was a dangerous one, will confine him to the hospital for several weeks.

A delegation of Moose from this city visited Santa Rosa lodge last Tuesday evening, the occasion being the regular meeting of the members of the lodge and the initiation of a large number of candidates. The visitors report having been royally entertained by their Santa Rosa brethren.

Miss Winkie Wilson came down from Cloverdale last Tuesday afternoon for a visit with relatives. Miss Wilson was born and raised in this city but has been making her home in Cloverdale, where her brothers, Thomas B. and Percy Wilson, are engaged in business, the former being the postmaster of his town.

Rudolph Wagner, son of Mr. and Mrs. O. R. Wagner, left for San Francisco this morning, where he will enter the Hastings' Law College next Monday. Young Mr. Wagner graduated from the Sonoma high school last June with high honors. He is a young man of fine intellect and commanding presence and in selecting the law as his chosen profession we predict a bright future for him.

Louis P. Kearney was here from Santa Rosa last Wednesday.

Mrs. Robt. P. Hill of Eldridge, representing Glen Ellen Grange and the Sonoma Woman's Club, addressed the members of the Board of Supervisors last Wednesday in favor of a Free County Library. She was one of a number of representative citizens who appeared before the Board that day to urge upon its members the necessity of such a library. The Supervisors have taken the matter under advisement.

The Sonoma Valley Woman's Club after its annual vacation of one month resumed its work on Friday of last week. After the regular business was disposed of Miss Bertha Kumli, who is in this county in the interest of the County Library System, addressed the club upon that subject. At the close of her talk the members voted to send a resolution to the Supervisors heartily endorsing the movement. The next meeting will be held on August 8th, the program to be in charge of Miss F. Murphy, the hostess of the afternoon being Mrs. Otto Wagner.

Peter Robinson, the veteran theatrical critic, is dead. He passed away at Boyes Springs on Wednesday, whither he sought refuge immediately after the destruction of San Francisco by the great fire of 1906, which took with it every playhouse in Peter's beloved city. He never returned, but continued to make his home in our beautiful valley up to the day of his death. The deceased was well-known in theatrical and newspaper circles all over the coast. Peter Robinson was born in Scotland sixty-three years ago. His remains were shipped to San Francisco Thursday afternoon for a last resting place in one of the metropolis' silent cities of the dead.

The Passing of Peter Robertson.

We mourn the passing of the kindly and brilliant Peter Robertson, whose contributions to the literature of the drama have been widely read and re-read and will yet endure to charm and entertain. He was a likeable man and endeared himself to those who learned to know him during his residence in this valley. Richer in spirit should be "vale of the seven moons, and from its breezes greater inspiration should come, for here it was that the aura faded into the balmy breath of our summer's night, and the spirit of the departed critic passed on to its higher estate. Disastrous Runaway

Last Sunday morning just before the noon hour while Mr. and Mrs. Sullivan, who recently purchased the Watt ranch, were driving in a buggy along Napa street the horse bolted and ran away. On turning the Clewe corner the rig collided with the curbing, the buggy was tipped over and both occupants were hurled violently to the ground. Mrs. Sullivan fortunately escaped injury but her husband was so badly hurt that he required the services of a surgeon. Dr. Thomson was sent for and treated the injured man for numerous cuts and bruises. The buggy was completely wrecked.

The Moose picnic at Lawrence Villa Park last Sunday was well attended and a great success, financially and otherwise.

Lloyd Shafer Sent to Folsom for Six Years

Judge Emmet Seawell on Friday last sentenced Lloyd Shafer to six years in Folsom prison for a criminal assault attempted on a married woman near Sebastopol.

The court in passing sentence delivered a stinging lecture to the youth, and stated the opinion that the assault by Shafer was without mitigating circumstances, except that the defendant had been drinking. The court said that were the defendant an older man he would have given him the extreme penalty of the law, fourteen years imprisonment. Being a young man saved the defendant from a sentence more severe.

Judge Seawell reminded Shafer that it was not a pleasant thing to do to sentence young men to the penitentiary, but reminded the defendant that he must understand that he resided in a country where the virtue of women must be respected. The court spoke at considerable length regarding the enormity of the crime of which Shafer had been convicted.

Last April, while under the influence of liquor, Shafer had gone to the residence of Mrs. Louise Collinet, near Sebastopol, and there made a vicious assault on her. He struck her repeatedly in the face and about the body. The women managed to escape and ran to the residence of neighbors for assistance.

Shafer had hitherto borne a good reputation and is related to respectable people in the Gold Ridge section.

Facts for Weak Women

Nine-tenths of all the sickness of women is due to some derangement or disease of the organs distinctly feminine. Such sickness can be cured—is cured every day by

Dr. Pierce's Favorite Prescription

It Makes Weak Women Strong, Sick Women Well.

It acts directly on the organs affected and is at the same time a general restorative tonic for the whole system. It cures female complaint right in the privacy of home. It makes unnecessary the disagreeable questioning, examinations and local treatment so universally insisted upon by doctors, and so abhorrent to every modest woman.

We shall not particularize here as to the symptoms of those peculiar affections incident to women, but those wanting full information as to their symptoms and means of positive cure are referred to the People's Common Sense Medical Adviser—1008 pages, newly revised and up-to-date Edition, sent free on receipt of 21 one-cent stamps to cover cost of mailing only; or, in cloth binding for 31 stamps. **Yellow Jacket Cadets Enjoying
Their Outing**

The Yellow Jacket Cadets of
this city, consisting of eleven girls
and five chaperons, have been en-
joying an outing all week on Jack
London's "Wake Robin" ranch
two miles northwest of Glen El-
len. The cadets left here on Mon-
day morning's train and upon ar-
riving at Glen Elton hiked to their
camping place, Rev. Mr. Roberts
leading the van. Upon reaching the
London ranch, tents were
pitched in a delightful spot. Camp
fires were soon blazing and a meal
was hastily prepared and served by
the chaperons, which was heartily
enjoyed by the hungry cadets.

The week's outing has been one
big time for the girl cadets, who
have passed the time in swimming,
fishing, walking and feasting.

Rev. Mr. Roberts, who has had
much previous experience in mat-
ters of this kind, organized both
the boy and girl cadet companies
in this city last month, and also
accompanied the former on their
recent outing in the Armstrong
woods near Guerneville. It was
a most excellent movement on his
part and it is to be hoped that
both organizations will become
permanent fixtures here. Our
youth have long needed something
of this sort. These outings puts
our boys and girls in touch with
nature and develops both mind and
body and cultivates a love for the
beautiful. Therefore we say, let
the entire community encourage
Mr. Roberts in his laudable un-
dertaking.

Work on the City's System of
Sewerage is Progressing
Satisfactorily

Work on Sonoma's new sewer
system is progressing very satis-
factorily. J. F. O'Brien & Co., the
contractors for the construction of
the same have completed two miles
and a half of the main sewer extend-
ing from septic tank location on the
Dunn Bros. ranch to a point on
Broadway nearly opposite Patton
street. The contractors have been
hampered the past week by a flow
of water which was struck while
excavating just above the High
School building. This has retarded
excavating operations to a cer-
tain extent, but when hard pan is
encountered there will be no further
annoyance from the source.

The Windsor Pottery Works Co.,
which has the contract for supply-
ing the pipe, has been furnishing
first-class material and all pipe that
has not come up to specifications
has been cheerfully thrown aside
by that company, which has made
good by substituting good material
for that rejected by sewer inspec-
tor Cherry.

In regard to connecting with the
main sewer a misapprehension
exists among some of our prop-
erty owners as to whether or not it is
compulsory on their part to make
the connection now or later on.
For the benefit of all interested we
would state that they can make the
connection now or later on. It may
also not come a miss to state that
the property owner can have the
work done just as cheap and in as
good and workmanlike manner by
any one of our local plumbers as
by the contractors. Of course if
the connection is made now, no
matter by whom, it will no doubt
cost less than if made after the
sewer has been covered up.

With the completion of Sonoma's
\$20,000 sewer system we predict
the building of many new homes
here and other substantial improve-
ments.

THE GOOD ROADS PROBLEM IN SONOMA

Board of Supervisors to Give the
Austin-Weston Co's Road-
Building Equipment
a Fair Trial.

The Board of Supervisors on
Tuesday afternoon last devoted
considerable time in discussing the
good roads problem, which in these
days of the automobile craze, is
engaging the attention of every
section of the United States.

Jasper Patrick, chairman of the
Board of Supervisors of Napa
county, was present and took part
in the discussion with Supervisors
Austin, Hart, Green, King and
Patterson.

The discussion was brought
about by the proposition of the
Austin-Weston Company to set up
in this county for a test trial one
of its road-building plants. The
equipment consists of a portable
steam rock-crusher, six 7-ton dump
carts, elevator and screen, portable
and stationary engines, steam
roller, etc.

Supervisor Patrick, who is well
and favorably known here in So-
nomma to all old residents, spoke in
favor of the Austin-Weston plant as
a good road builder and stated
its equipment was the most com-
plete and satisfactory of any road-
building outfit west of the Rocky
mountains. He recommended it
as being all that is claimed for it
by the Austin-Weston people, be-
cause he knew, as Napa
county has one of these plants
working on its roads and it is mak-
ing good.

The discussion ended with the
Supervisors accepting the offer of
the Austin-Weston company to
give its road-building plant a 30-
days' trial at its expense.

meeting in Union Hall, at which
Hon. Albert Elliott of Oakland
will be the chief speaker.

Board of Supervisors of Sonoma
county, California, that sealed bids
will be received by the Clerk of
said Board up to 12 o'clock noon,
Thursday, September Seventh
(7th), 1911, for the construction
of a bridge over Hooker creek
in Agua Caliente Road District,
according to the plans and speci-
fications adopted August 8th, 1911,
by the Board of Supervisors and
now on file in the office of the Clerk
of said Board.

All bids must be accompanied
by a certified check for ten per
cent of the amount of the bid,
payable to W. W. Felt, Jr., Coun-
ty Clerk, and to be forfeited to
the County of Sonoma should the
successful bidder fail within one
week after the acceptance of said
bid to enter into a contract there-
for, and signing a good and sufficient
bond for the faithful performance
of said contract. Checks of un-
successful bidders to be returned.
The Board reserves the right to
reject any and all bids.

SONOMA INDEX-TRIBUNE

Sonoma, California, August 12, 1911

The Trip of El Verano Villa Guests to Santa Rosa.

THE VILLA.

While going to the Villa in the bus, They welcomed us with quite a fuss, And at the same time I heard them say, We'd go to Santa Rosa the very next day.

The boys got the rigs, and the girls got the lunches, The cook got mad because we came in bunches, To pack the lunch and steal the butter, And mix the salads, which made them supper.

None and Major took the lead, Mae and Percy came by with speed, And stopped at the store to get groceries, for lunch, So none would go hungry in our bunch.

Next came Edna with her little beau, A cute little fellow by the name of Joe; They both are young with curly hair, And the game they play is fun and fair.

Next comes along a double rig, With married couples small and big; In front the Smith's, he has a sunburned back, And behind sits Mr. and Mrs. Mac.

Now Ma and Aura, George and Besi, Make another rig I guess; Ma is the old spinout of the day, While her children make poetry on the way.

Mary Crawley with a kodak, And the Professor from Suisun, Have a delightful time together, With plenty of time to spoon.

And now Mary's married sisters, With the cutest kids in the land, Come over from Caliente, And join our happy band.

Last, but not least, comes Charles with his Pearl, Not of our bunch, but we're glad to adopt her because she's his girl; It's a joke how he shook us one and all, To flirt with the girl with the green parasol.

The morn was cool, but hot the day, The crowd was lively and full of play; We passed Glen Ellen on the way, And also many fields of hay.

Now there's the place to eat our dinner, For making coffee Smith's the winner; But Mrs. Smith from him can knock the spots, While Major is trumps at scouring coffee-pots.

On the leavings we put the cover, We'll eat them after the hall is over, In the banquet hall, room 93, Occupied by Charles and Joe Sabini.

Now Santa Rosa comes in sight, We won't hunt rooms for we won't stay all night; Postals to Anne, Carrol, and Jack are sent, Then we got in the rig, on sight-seeing bent.

Going home the horses got tired on the way, And many whips were out with the sway; Percy and Mae go by so gay, That half of his whip drops off with the sway.

Our little couple in the rear, We can't account for because they're not here; We know they're safe and have no fear, Suppose they're talking things so dear.

We can't get home in time for supper, But we know Marie will treat us proper, And give us all we need to eat, For her good meals cannot be beat.

After supper we primp and fix, To dance and do our fancy tricks; Mae, Nonie, and Edna like to prance, So they teach Joe how to dance.

It's Saturday P. M. to the baths we'll go, And how to swim and float we'll show; For Smith with his rope has taught us how To do such tricks before we bow.

George and Major will take the train, All our coaxing has been in vain; For George his love for Vivian must show, And Major to Uncle Sam must go.

Supper is over, to the train we walk, We have to hurry we cannot talk, We'll have to save our breath, to say hello, To Jack, and Nell, Irene and Joe.

Will bride and groom a visit pay, To El Verano Villa gay? We'll greet with love and kisses sweet, And hard boiled eggs and sausage meat.

George Crowley, too, will come they say, Before we see the close of day; If he has class, we'll love him dear, And if he hasn't we'll call him queer.
